YOUR GUIDE TO HOSTING A RESCUE PARTY

BELIEVE IN A FUTURE WITHOUT SLAVERY AND VIOLENCE.

That future begins **today**.

Rescue begins with **you**.

JOIN THE MOVEMENT

Friend,

It started in a living room. I remember gathering with a few close friends, sitting on very ordinary couches, sharing an impossible vision. It was there—through the generosity of friends—that this dream became reality. I couldn't have imagined the miracles we'd see in the twenty years since. This is how I've come to believe God moves: one single person, an act of courage and the generosity of others.

Every day, our International Justice Mission lawyers, investigators, social workers and staff around the world face the realities of slavery and unspeakable violence. They stand on the frontlines, bringing rescue, restoring freedom for women like Joy and partnering with local governments to transform the very systems that oppress. This is possible because of the generosity of Freedom Partners and friends.

As we look ahead, I want to extend you this simple invitation: like me, would you open your living room and invite others to the fight? With your help, I believe we will see an end to slavery in our lifetime.

It begins with you. It begins with all of us.

Until all are free,

Gary Haugen

Founder and Chief Executive Officer,
International Justice Mission

SLAVERY TODAY

A lot of people think that slavery ended in the 1800s. Yet today, there are more than 40 million women, children and men around the world in slavery. They're beaten, starved, abused and worked to the bone by slaveowners who value money more than human life. Slavery is a multibillion-dollar industry, preying on the poor and vulnerable.

Today, girls are abused in brothels, boys are enslaved on fishing boats, and entire families are trapped in brick kilns and rice mills. And there is a new form of slavery on the rise: the cybersex trafficking of children.

Unlike other forms of trafficking, it allows pedophiles to abuse children from anywhere in the world. All they need is to connect to the internet, wire a small sum of money, and watch on their screen at home.

12 YEARS OLD

Half of the cybersex trafficking victims we've helped rescue have been 12 years old and younger.

80%

The percentage of IJM-supported cases that involved perpetrators who are known to the victims—almost half are parents.

2600+

The average number of cybersex trafficking case referrals the Philippines received a month from the U.S. alone in 2015.

You can help us end this type of slavery, for good.

WHAT IS A RESCUE PARTY?

The road to ending slavery starts with you and your living room. Throw a Rescue Party! Your Rescue Party is a simple way to bring your friends and community into the fight to end slavery with you. Through the power of film, you will share Joy's story and give your friends the opportunity to take meaningful action—becoming a Freedom Partner. What matters most is your enthusiasm and willingness to open your living room to make a lasting impact on lives around the world.

THE MOVEMENT

Joy was one of thousands of children in the Philippines trapped in the cruelty of cybersex trafficking. Joy grew up moving from home to home, passed among various family members until she landed in the hands of her “boss,” who began exploiting her for money when she was 10. For years, Joy dreamed of a brighter future away from her horrible reality of abuse.

In 2013, IJM's team in Cebu worked with Philippine law enforcement to arrest Joy's

abuser and rescue 16 survivors, including Joy. That's when the work of restoration in Joy's life began.

In her aftercare home, Joy found the love and support she needed to heal, move forward in strength and grow in confidence. Joy is now a champion for survivors and has begun to share her story with children, young adults and audiences around the world.

TWO WOMEN ON OPPOSITE SIDES OF THE WORLD

When Brenda Birman first heard about IJM in 1998, she knew she had to do something to fight for the poor and oppressed—but what? Brenda was a graduate school student who didn't feel called to law, social work or political advocacy, but deeply wanted to join the fight. Feeling as though it was all she could offer, Brenda took a step to pray with IJM. She also began supporting IJM financially, ultimately becoming a monthly donor as a Freedom Partner.

She said, “It is a joy knowing the money you contribute, even what might feel like a small amount, can do so much...To be personally part of supporting the work to free people from horrible situations and to help them live thriving lives as God intended.”

Brenda is now leading her community as an Advocacy Coordinator on the IJM Boston Volunteer Team, building the movement in her city and inviting others to join this fight.

What began as a surrendered decision 20 years ago has evolved into leadership in the movement to end slavery. Because of faithful partners like Brenda, together we've brought rescue and restoration to thousands of survivors of slavery and violence—survivors like Joy.

THE FREEDOM PARTNER PROGRAM

God's plan to end slavery begins with you.

Your Rescue Party can free slaves by growing the movement of Freedom Partners in your community sending consistent, dependable support, so we can confidently go on rescue after rescue.

By giving \$24 or more a month, Freedom Partners ensure we can tell a victim on the day of their rescue that we will walk with them until they are fully restored, every day, 24 hours a day. It means we can keep working until their family and friends are rescued, too.

As you and those closest to you join this movement of thousands of Freedom Partners around the world standing for an end to slavery in our lifetime, you are bringing rescue and restoration to girls like Joy. You'll receive insider

updates, breaking news from the frontlines around the world, and a direct line into a community that prays, advocates and gives.

"I have become a Freedom Partner because I believe a free world is a better world for all of us, for our children and future generations and certainly for those enslaved. If one person is a slave, then we all are slaves and we are all oppressed. I see a world where my children are not at risk for enslavement and want to work to create that truly free world."
